## BOAT DOCK & RACK SPACE

WML residents continue to enjoy our lake community. There is a record high number of boat owners and corresponding increased demand for dock and rack space. The Lake Committee, Board and Office Staff have been working to create more boat spaces. In the near term, space will remain limited and it is possible a small number of boat requests will not be fulfilled. Please understand that boats may have to be trailered and kayaks transported to and from the Lake until space becomes available. We encourage residents to consider this before purchasing new boats. Your understanding and patience as our boating community grows is appreciated.

*Lake Committee*

**Boats are due out of the water by  
September 5 for lake lowering and major  
dam repairs. Be ready to do any repairs  
to your lake front and clean our your lake

It was a rainy day on April 6, but that didn't deter us from going to Bucks County Playhouse to see Brad Zimmerman starring in "My Son the Waiter." But before we went to see the show we stopped at the Triumph Brewery to have lunch. We could order burgers or sandwiches with our choice of many fillings. The sandwiches were large and delicious and I think we all enjoyed them. After lunch we went to the playhouse to enjoy the play, which turned out to be a one man show by the comedian Brad Zimmerman.

Mr. Zimmerman is an actor who does an opening warm up act for many famous comedians, he also has toured the country doing his own act, "My Son the Waiter."

We sat for one and half hours listening to his funny funny stories involving his mother and working as a waiter in an Italian Restaurant and many more delightfully funny stories.

It was a fun and very enjoyable day had by all of us thanx to our buddy Bruce and his group being Lil, Jeri, and Bill. Thanx for all your help and we could not have these outings without you.

Please join us at our regular meetings for more information about our future comings.

Next month we will be going on a 2 hour cruise on the Hudson river. Hope to see you then and in June we will be going to Wildwood for 4 days.

## BEAR SAFETY

If garbage is easily accessible, you are likely to have bears continually visit your home. Black bears and other wildlife learn very quickly, and if they find food they will continue to visit until the food source is gone.

### If you Encounter a Black Bear...

LOOK BIG Raise your hands in the air

MAKE NOISE Clap your hands

BACK AWAY SLOWLY Do not run or play dead

### Reduce Encounters with Bears

1. Secure your trash and eliminate obvious sources of food, such as pet food on decks, easy-to-reach bird feeders, or food residues left in barbecue grills.
2. Use certified bear-resistant garbage containers if possible. Otherwise, store all garbage in containers with tight-fitting lids and place them along the inside walls of your garage, a sturdy shed or other secure area.
3. Wash garbage cans frequently with a disinfectant solution to remove odors. Put out garbage on collection day not the night before.
4. Avoid feeding birds when bears are active. If you choose to feed birds, do so during daylight hours only and bring feeders indoors at night.
5. Immediately remove all food bowls used by pets fed outdoors.
6. Clean outdoor grills and utensils to remove food and grease residue. Store grills securely.
7. Do not place meat or any sweet foods in compost piles.
8. Remove fruit or nuts that fall from trees in your yard.
9. Install electric fencing as an effective way to protect crops, beehives and livestock.

## SAFETY ON THE ROADS

### Roadside Safety

Residents walking, running, riding bicycles, and other roadside activities should be aware of important safety tips that allow everybody to use their respective share of available roadway space safely.

Follow prudent safety practices and enjoy the sights, beauty, and friendship of the residents in this wonderful community.

### *It is very important to be visible to the traffic around you.*

Please wear reflective items so that drivers can see you and walk on the side of the road especially if you are out after dusk. This can be done by wearing light colored or reflective clothing, which can be simulated by applying reflective tape to your outerwear. Another good safety device is a bright flashlight aimed at the road in front of you.

### *Wear a Helmet!*

Your friends at the White Meadow Lake POA want to remind you that children under the age of 17 need to wear a helmet at all times when cycling, roller skating, in-line skating or skateboarding. It is wonderful when adults can model this behavior too.
